Long-Term Relationships

Expect Excellence®

ABOUT EXPECT EXCELLENCE® GROUP OF COMPANIES

The Expect Excellence® group of companies is a non-union conglomerate of four leading specialty contractors servicing customers across the United States and is headquartered in Centennial, Colorado. The portfolio of brands includes; Reliance Electric, Productive Electric, Wang Electric, and Southland Electric. At the helm of the Expect Excellence Group® is its CEO, Nephi Allred.

NEPHI ALLRED

Nephi has been at the forefront of the Expect Excellence® group of companies for over 25 years and has extensive business management in the electrical contracting industry. As CEO, he provides the insight and vision that facilitates the companies' growth and development. His compassionate, people-first leadership style, motivates team members to not only give their best effort every day, but also to focus on continually building upon their skills and specialties.

TESTIMONIALS

SEE WHAT OUR CLIENTS ARE SAYING

Our long-term relationships with our clients define our success as an organization. We honor our relationship with our clients by keeping our promise to deliver excellent work, on time and on budget.

RELIANCE ELECTRIC

“ The lifelong relationship and value that Reliance Electric brings to the table is much more than just another “electrical contractor.” The trust that has developed through my experience, is such that I feel I could hand over my keys and credit cards to them, and know that they will look after my long term interest as an owner as well as keeping the budget, quality, and timeliness in the forefront. In short, it is like a lifelong partnership with some of the finest people in the world. ”

Mike Irvin | Peak Hospitality

PRODUCTIVE ELECTRIC

“ I have been using Productive Electric for years now and they have never let me down. Whether it was completely upgrading service to an existing building or an electrical panel upgrade, they have always completed the job as promised and within budget. ”

Scott Armitage | Albeck Properties, LLC

SOUTHLAND ELECTRIC

“ [Southland] came to install a power box in our office to power a back lit sign. [They were] timely, professional, and reasonably priced. We recommend this company. ”

Lindsay Bayles | ProvenLaw, PLLC

WANG ELECTRIC SYSTEMS

“ I've worked with Wang Electric on nearly all of the projects I've done after starting my own architecture firm - Spiral Architects. Whether new construction or remodel, they are always accessible, knowledgeable, and great to work with. They are attentive to an owner's concerns while the work is underway, and also good about follow up after the work is complete. ”

Gene Kniaz | Spiral Architects

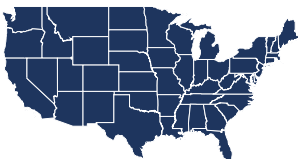

A NATIONWIDE ELECTRICAL CONTRACTOR

Experienced general contractors take great care when considering an electrician.

That's because the electrical contractor holds a key position from the beginning of the job to the finishing details. Contractors know by hard experience the values of teamwork and synergy on their project.

We understand these important values. For over 30 years, Reliance Electric has traveled nationwide delivering to every project a close-knit team of traveling electricians to ensure a successful completion of each project.

We are licensed and bonded nationwide and our electricians hold individual licenses in multiple states and jurisdictions.

This strategy empowers us to develop strong, long-lasting relationships with contractors and owners alike - without geographical boundaries.

APPRENTICESHIPS FOSTER LONG- TERM SUCCESS.

The Expect Excellence® group of companies utilizes apprenticeships to build a team that works smarter and safer, every day. Through apprenticeships, we ensure workers receive hands-on training and classroom instruction to master the skills your projects need. Our commitment to continued education and retention means we're not just filling roles—we're helping build a stronger, more sustainable workforce for the future.

SAFETY

First & Foremost

IN OUR INDUSTRY, SAFETY IS
NON-NEGOTIABLE.

“ THE MISSION AND PURPOSE OF OUR SAFETY PROGRAM IS TO ENSURE THAT EVERY EMPLOYEE GOES HOME FROM WORK EACH DAY ALIVE AND WELL. Safety is not the absence of incidents, but rather, the presence of defenses. Most of all, our Safety Program is in place to protect our family of companies’ most valuable asset: its employees.”

Warren Barlow

Safety Director, Expect Excellence® Group of Companies

Expect Excellence®

As your construction partner, we uphold, at your jobsite, the highest standards for safety.

We require frequent safety training, and show by example safe work practices on every jobsite. Every team member recognizes that creating a safe and productive work environment is everyone's job, and we take that responsibility seriously.
